

NAVAL RESERVE MAY BE FORMED

PLANS UNDER WAY

Navy Department Considers Scheme to Take Advantage of Paul Jones Cruise.

Washington, Oct. 4.—Steps are being taken to place the civilians who participated in the recent John Paul Jones cruise of the navy on a permanent basis for instruction. The navy department announced today that they would be given an opportunity to report on board any of the reserve battleships at the various navy yards once a week throughout the year and attend drill and practice instruction.

The suggestion that a permanent officer be established in Washington to handle the volunteer civilian preparedness movement is being considered and probably will be adopted. Officials believe that with the start already made it will be comparatively easy to enroll at least 10,000 men for next summer's cruise. The citizens who took the training this summer contemplate forming a national organization through which they can attain their full complement as a reserve under the new naval bill.

"These matters are at present under consideration," says a statement issued by the navy department today, "and if the details can be arranged the movement will start in concrete form and on a large scale, either this winter or early spring. When this shall have been accomplished a long step will have been taken both toward the securing of 10,000 volunteer reservists and in educating the public in thorough preparedness and an adequate navy."

"The plans contemplate extension of this training to the Pacific coast and the Great Lakes so that every section of the country may participate."

ADMITS MURDER, GETS LIFE.

Mausell Confesses He Slew Wife Day After Marriage.

Grand Rapids, Mich., Oct. 4.—Scott Mausell, of Macelona, Mich., pleaded guilty in circuit court today to the murder of Mrs. Anna H. St. John, of Mayfield, N. Y. He was sentenced to life imprisonment.

Mausell, who is 64 years old, confessed that he lured the aged woman to Grand Rapids and married her on the afternoon of September 19 and killed her the next day. The crime was committed in a woods two miles from Grand Rapids. Mrs. St. John's body was found by children last Sunday. A small sum of money which Mrs. St. John possessed was the object of the crime.

Mausell, who until today said he was James Allen, of Ashtabula, Ohio, admitted that he corresponded with a number of women through matrimonial agencies. Authorities say that more than 100 letters from women to whom he had proposed marriage have been found in Mausell's baggage.

LIMITED STREET CAR SERVICE IN ATLANTA

Atlanta, Ga., Oct. 4.—Service on reduced schedules on local and suburban street cars continued tonight except on several lines in outlying districts where the company maintained its crews would be injured by sympathizers with striking motormen and conductors. Numerous cases of petty disorder continued to be reported today.

Union organizers stated tonight that "approximately 700" motormen and conductors had left the trolley company service in aid of the union's effort to enforce recognition by the company. Representatives of the company put the total of strikers at "about 150." The strikers today obtained a permit for a parade tomorrow "to show their strength to the public."

SLAVS GAIN SUCCESSSES.

Said to Have Progressed Towards Lemberg.

London, Oct. 4.—After three days of incessant and furious fighting the Russians are reported to have won a considerable advantage in their new drive on Lemberg from the south and to be threatening the important railroad town of Brzezany, 50 miles southeast of Lemberg.

Reuter's Petrograd correspondent says the Russians, under cover of artillery fire, forced their way across the Zlota Lipa river south of Brzany driving the Austro-German forces from the heights. The Russian artillery then advanced and began a bombardment of the camps, military establishments and suburbs of the town.

MAD CAT SCRATCHES AND BITES PEOPLE

Cheraw, Oct. 4.—A few days ago a strange cat, probably maddened with hunger, entered the home of J. A. Rainwater, living a few miles out from Cheraw on the Rockingham highway, and attacked a two year old child, biting its cheek and scratching its face. The cat also bit a dog and a goat, the goat going mad. The next day the cat came back and bit John Troublefield. The cat was killed and its head sent to Raleigh for examination, where it was pronounced mad. Both the child and Mr. Troublefield are now taking the Pasteur treatment in Cheraw.

ATLANTIC COAST LINE FACES CAR SHORTAGE

Wilmington, Oct. 4.—The Atlantic Coast Line Railroad is facing a serious shortage of freight cars, according to a statement made today by its president, J. R. Kenly, who explained that the company owns only 16,000 cars for use on foreign lines and all efforts to effect the return of more than half this number have been unavailing, so that the road is now short 8,000. "The car situation has not shown any improvement within the past few weeks," says Mr. Kenly, "and is becoming more acute all the time."

Mr. Kenly added that the great demand for cars reflects in some measure the improved business conditions prevailing and foreshadows better conditions for the future.

NEW YORK WOMEN AND POLICE FIGHT

URGED TO RAISE HELL

Wives and Sisters of Strikers Follow Advice With Attack Upon Street Car.

New York, Oct. 5.—Spurred on by exhortations of "Mother" Jones, labor agitator, 300 wives and women relatives of striking car men battled with the police late this afternoon in the most serious riot since the walk out on the traction lines began a month ago. Night sticks were swung right and left by the police and many of the women were bruised. Scores of the rioters carried babies in their arms.

A crowd of strikers who had congregated around the uptown hall where the meeting addressed by "Mother" Jones was held, entered the fray on the side of the women and was driving back the few policemen present when an automobile of blue coated reinforcements arrived. The rescuers plunged into the struggling mob and wielded their clubs vigorously. When the rioters finally fled they left nine prisoners—six women and three men—in the hands of the police.

The trouble began when the women poured out of the hall where "Mother" Jones had exhorted them to "get the scabs off the cars."

"You are too sentimental," she cried, "staying at home thinking of dress and trinkets when you ought to be out raising hell."

Trooping in the street, the women hooted and peered at crosstown cars in Eighty-sixth street. Suddenly a chunk of asphalt was hurled through the window of a car halted by a large automobile truck. This seemed the signal for a general attack on the car and in less than a minute every window was shattered. A patrolman who was on strike duty on the car escorted the 40 or 50 passengers into the street and then charged alone into the crowd of jeering women. He was helpless, however, until assistance arrived.

Meanwhile the car was being wrecked as piece after piece of broken asphalt was hurled at it. The motorman and conductor were lost to sight after several women clambered aboard the car and pulled them to the street. The men's clothing was torn, their faces scratched and bruised. It was not until the automobile load of reserves arrived that a semblance of order was restored.

One of the women arrested charged the police with dragging her infant child from her arms. She asserted the child was left on the sidewalk, and two hours after riot no trace of it had been found.

Before the meeting of the women closed a committee was appointed to arrange for a women's parade from Union Square to the city hall where an attempt will be made to see Mayor Mitchell. The parade probably will be held next Monday.

President Gompers of the American Federation of Labor conferred today with William B. Fitzgerald, general organizer of the Amalgamated Association of Street and Electric Railway Employees, and James H. Vasey of counsel for the association. It was reported that plans for an early settlement of the strike were discussed but no statement was issued.

Mother of Boy Pays Bloody Price For Charge of Homicide Against Lad.

Arlington, Ga., Oct. 4.—Mary Connelly, a negro woman, whose son Samuel Connelly is accused of having killed E. M. Melvin, a white planter of this section, Monday, was taken from the jail at Leary, Ga., near here, last night and shot to death, according to reports reaching here today. Samuel Connelly had been taken to Macon for safe keeping but a mob under the impression that he still was at large, was said to be seeking him tonight. GINNERS REPORT FOR LANCASTER COUNTY

Mr. M. L. Beckham of Pleasant Hill has today advised The News that the number of bales of cotton ginned in Lancaster county up to September 25, 1916, were 1,378. The report further shows that up to the same time last year, 1915, that 3,478 bales had been ginned, hence, we see a reduction of 2,100 bales in Lancaster county this year over the same period of last. This should be convincing proof of the shortage of the cotton crop in Lancaster county this year.

almost completely destroyed was a Jersey cow consigned to Mrs. Cox, the value being given as \$60. The animal was burned. Household furniture belonging to Dr. F. W. Ham was destroyed.

Computing at \$130 a bale the cotton—141 bales belonging to McKinnon & McNair, merchants here; eight bales belonging to C. R. Rouse, representing Ferguson & Co., two bales the property of Hasel & Clark, local buyers, and 12 bales belonging to McCabe & Co., the total, 163 bales—the cotton loss aggregating \$21,000. The seed loss was heavy but not complete. Most of the loss, it is understood, is covered by insurance, especially as relates to the cotton.

The Modern Furniture company had only small insurance. This is the most disastrous fire Hartsville has had in several years.

The fire company was promptly on the scene and did good work. A stiff wind was blowing but the rain and the efficient work of the firemen prevented much heavier loss.
